BELGIAN  
SKIN CARE  
EXPERTISE

Your **clients** and your **hands**  
deserve **the best** possible care

Massage Lotions prevent the negative side effects of the mechanical handling of the skin during a massage. These lotions are hypo-allergenic and easy to rinse off using water. NAQI® Massage Lotions are skin friendly oil/water emulsions with liquid crystals and the same pH-level as the skin. They are suitable for various applications and have specially-adapted gliding properties.

The **new** generation of  
NAQI® Massage Lotions

# NAQI®

## Massage Lotion Ultra

### Objectives

An ideal lotion for all your **therapeutic treatments.**  
The golden standard.

### Application

Clinic, Private practice & Sport

### Solution

In addition to sports massage, physical therapists & massage therapists practice a wide range of different massage, requiring a non-greasy massage lotion with immediate, excellent lubricating and dispersion properties.

NAQI® supplies a very specific O/W emulsion for this purpose. The NAQI® Massage Lotion ULTRA perfectly balances a long-lasting gliding effect, with a non greasy light feel. Enriched with a soft hypo-allergenic perfume. The perfect solution.

### Packaging

200ml - 500ml - 5l

# NAQI®

## Massage Lotion Sport

### Objectives

An excellent oil-rich lotion for **longer sports massage**.

### Application

Sport

### Solution

To create exceptional lubrication properties NAQI® developed a lotion with a very high components. Combined with cetearyl ethylhexanoate, this lotion achieves an exceptional lubrication but limits the greasy feeling.

This combination results in a massage lotion that is extremely economic in use, easy washable and leaves no stains.

The intensive use of massage lotion during sports massage requires a pleasant yet neutral hypoallergenic perfume.

### Packaging
