When the need for a powerful yet portable Radial Pressure Wave device is called upon in the clinic or the athletic sports field, the Chattanooga Mobile RPW is the ideal choice. Its lightweight and compact design, together with its quiet, built-in compressor makes it perfect for portable use. User friendliness is at the heart of the Mobile RPW's design. The simple, ergonomically laid out controls enable all of the key parameters to be easily changed, while an illuminated LED display clearly indicates pressure, frequency and number of pulses. Initiation of the pulses is via a trigger mechanism on the hand piece.

FACTS AND FIGURES

- Weight of the unit: Approx. 9 kg
- Dimensions (L x W x H): 32 x 32 x 21 cm
- Built in compressor
- Single and Continuous shocks
 - Frequency D-actor: 1 - 15 Hz
 - Frequency V-actor: 1 - 21 Hz
- Application pressure: 1-4 Bar, Infinitely variable with precise adjustments of 0.1 increments.
- Oscillating D-Actor
- V-Actor Hand piece option
- USB connectivity

USER INTERFACE FEATURES

- | | | | |
|---|-------------------------|---|----------------------|
| 1 | Pressure screen 1-4 Bar | 4 | Intensity adjustment |
| 2 | Pulse counter screen | 5 | Pulse counter reset |
| 3 | Frequency screen | 6 | Frequency adjustment |

ORDERING INFORMATION:

2805 Mobile RPW unit

Standard Accessories:

28699 - D-ACTOR® Hand piece applicator

17638 - R15 15mm ESWT transmitter

28724 - D20-S D-ACTOR® 20mm transmitter

28701 - Accessory kit that includes the following:

- 28737 Sealing set

- 28738 Guide tube (x2)

- 28736 Projectile (x2)

13-5182 - Conductor™ transmission gel 250 ml (8.5 oz) bottle

0938 - Clinical Guide

13-5184 - Paper User Manual

13-5183 - CD User Manual

Optional Accessories:

28745 - Carrying Bag

28725 - D35 D-ACTOR® 35 mm transmitter

28726 - F15 Focus-Lens 15 mm transmitter

28728 - D115 Deep Impact® 15 mm transmitter

28729 - C15 CERAmA-x® ESWT 15 mm transmitter

28730 - V-ACTOR Hand Piece
