## Supporting Students & Graduates

Sports Physio & Performance are based in Thurles, supplying a detailed Range of Physiotherapy, Rehab and Performance Supplies and Equipment. We work closely with many of the Universities and Colleges throughout the country providing materials and equipment for many of the courses. We endeavour to give support back to the Students & recent Graduates of those courses & we have put together some very affordable discounted start up packages to help graduates starting out, in terms of setting up a new Clinic or Rehab room or if you're starting to work with teams. We have detailed these on this brochure. They are suggested Start up Packages and of course they can be tailored to suit your specific needs.

### We strive to provide a range of support to Students & Graduates

- Support Graduation Days with prize sponsorship.
- Presentations and Product Demos.
- Dedicated Student & Graduate Webpage with offers.
- Special Graduate Start Up Offers.
- Student Group Discounts on Supplies to practice on during your course or for kits on your work placement.
- Taping & Strapping Courses if Required.
- Student & Graduate Competitions via our Social Media.
- Join our mailing list to access further trade offers.
- We offer student Internships as an option for your work experience.

### Website & Phone Support

We have a dedicated Student & Graduate Start up Page on our Website. See all our Graduate Offers in one place. You can set up a trade account easily on the site, let us know what College you are from and we will apply the discounts.

Please give us a call too on 062-77014 and our team can help with any queries and technical support on any equipment you might need. Support in Starting up your facility or advice on working with teams.

# Tools of the Trade - Massage Treatment

A reliable couch that you can trust in a busy dressing room and can transport easily is very important when starting out. Durability and weight are the 2 most important features. There are cheaper couches on the market, however this is one of the main tools of the trade for a therapist. For such an important investment its important that it be a top Quality couch that will last the test of time. We have been selling this couch for 14 years and majority still have the same couch they purchased first day.

**This couch is being used by lots of the top Sports Physios in Ireland in GAA, Rugby and all sports where it gets heavy usage at training sessions / games 3, 4 times a week. Very strong and durable to stand this test, yet lightweight for easy portability.**

The majority of our enquiries & sales of this couch are from word of mouth referrals from therapists who already have one.

## Portable Aluminium Couch

# Physio First Aid Kit Refills

We recommend the **Advanced First Aid Kit Refill** as an ideal contents kit for your First Aid bag to cover standard First Aid treatment. We also offer a further add on kit to bring it up to a **Physio First Aid Kit** level. This was developed after consultations with Physios with many years experience working with teams of all levels. The additions help to meet the additional physio pitch side requirements that occur.

Also, some first Aid kits come with a few rolls of tape but again from experience and feedback from Physios, the tape in these kits tends to be poor quality & its probably more practical to keep your taping separate to the First Aid bag. We offer a taping starter kit and separate tap bag to accommodate this as well as ideas on other items you may need.

**Testimonial:**

*"Throughout the 2019 Rugby World Cup the Japanese Team used the activ5 workout device and training app as one of our daily monitors for fatigue to help prevent overtraining and injury. We also used ActivForce to strengthen and monitor the injury status of one of our key players who had a chronic groin injury. I have no doubt his helped us manage him through a grueling build up and World Cup. The potential uses of this easily portable device are endless and I would highly recommend it as a useful tool in all high performance programs"*

# Injury Management –Cold Therapy

When setting out to work with teams its important to have sufficient solutions in terms of Cold Therapy to treat acute injuries after they happen. In most cases there will be multiple players needing Cold Therapy after a game. We have a range of solutions here and a bundle we've created that can manage up to 5 injuries at once.
